## STATEMENT OF REVIEW OF CONTROL AND AUDIT PROCEDURES

It is a requirement of The Accounts & Audit (Amendment) (England) Regulations 2006 that local councils once a year review the internal audit procedures and minute accordingly. This document sets out the main criteria and the local actions taken to provide assurance in the procedures.

### Internal Audit

**Current Auditor:** Heelis & Lodge who are independent of any financial control and management of the Parish Council.

**Independence & Competency:** The Audit Commission expects the function of Internal Auditor to be undertaken by a competent person who does not have any direct involvement in the Council's financial affairs, similar to that of an Independent Examiner appointed by a charity. (see paragraph 45 of 'A new approach to Local Council Audit', produced and published by the Audit Commission).

Heelis & Lodge are considered, by both the Audit Commission and the Charity commission, to fulfil the criteria relating to independence and competency tests, to act as Independent Internal auditors to Town and Parish Councils.

Heather Heelis who has personally carried out our internal audits, has many years' experience in all aspects of local government at both District and Parish level. She understands the role of the internal auditor by regularly reviewing and reporting on the councils control systems and risk management in addition to financial audit trails. She has good knowledge of the legal framework under which councils operate and is also familiar with the work of Suffolk Association for Local Councils (SALC) and has been recommended by them as an internal auditor.

**Level of Internal Audit:** An internal audit is currently carried out once a year and is considered fit for purpose and in proportion to the needs, size and circumstances of this council, which keeps procedures in place to monitor its activities. Examination of the councils minutes reveals that procedures and legislation are regularly and routinely reviewed/updated for accuracy, suitability and legality. They are deemed fit for purpose.

### Internal Control and Testing

In addition to the day-to-day procedures carried out by the Clerk/RFO & Assistant Clerk, the Chairman undertakes spot checks of bank statements against cash book and cash book against Excel accounts spreadsheet.

Checks are also made by the Chairman against cash book with the operation of the Cemetery Account and the role of the Registrar of Burials.

### Scope of Internal Audit work for Parish and Town Councils

Checking on and reporting to the Council on the adequacy of systems of control. Making recommendations where required.

**Proper book-keeping:** Receipts and payments books or computer records, regular reconciliation of books and bank statements. Supporting vouchers, invoices and receipts
